Ms A Castle
35 Paper Street
Killtondale

21/06/2010

Dear Ms Castle;

Thank you for your previous letter, we appreciate that it must be hard not getting a job. We appreciate that you have the right to make life choices, but perhaps you should think about that before you make such drastic changes.

We just feel that a man in women's clothing would send the wrong message to our other employees. We need someone who is able to provide a sense of strength and masculinity to the role.

Mr Walters

Mr T Walters

Killtech Industries.
